As to the senatorship Mr. Newlands said that he was indisposed to contest the seat of Senator Stewart, that he had uniformly advocated harmony among the silver forces and that he could not consistently inaugurate a contest in Nevada which would divide the friends of silver and imperit the silver organization which had been so completely formed.

He insisted that the movement against the legislative jobbers who for years had been endeavoring to restrict the volume of money and to augment the value of money as compared with property and products would be characterized by unity of purpose and firm resolve and that harmony and fervor would direct it to a successful issue; that Republican pretensions of a disposition to secure bimetallism or an enlarged use of silver by either internathat Republican pretensions of a disposition to secure bimetallism or an enlarged use of silver by either international or national action would be exposed: that its determination to create

COLORADO POLITICS.

Appointment of Offices Among the Silver Parties.

Colorado Springs, Colo., Sept. 9.—A change in the plans of the Teller silver Republicans developed when the conference committees of the Democrats, Populists and silver Republicans assembled this morning. While the Teller-Towne forces want Congressman Shafroth named for governor, they dropped him temporarily and revived the boom for the nomination of Governor Adams on the three tickets. The general conference committee appointed Thomas M. Patterson, representing the Populists, T. J. O'Donnell of the Bluer Republicans, as a committee to apportion the offices among the parties.

The three conventions met and took recesses until afternoon awaiting a report from the conference. Hom Charles A. Towne, chairman of the national committee of the silver Republican party, addressed the Populist convention this morning by invitation. At the close of his speech three cheers were given for Senator Teller and Congressmen Shafroth and Bell and also for Mr. Towne.

The probabilities tonight seem to point to a fusion of Democrats, Populists and the Teller branch of the silver Republicans. At 8 o'clock this evening the conventions met and the several fusion committees reported that satisfactory progress was being made toward a tri-party fusion and that they hoped to be able to report at 10 o'clock tomarrow morning. Adjournment was then taken until that hour.

The silver Republican convention renominated Congressman W. C. Jones
by acclamation.
After reflecting all night the Populist

After reflecting all night the Populist state convention unanimously decided to concede the demand of the Democrats and yield them one subreme guide. This removed all obstacles to fusion. A clause of the conference report, resommending that the Populists have the patronage of the subreme court was stricken out and the report adopted. A committee was appointed to notify the Democrats at • me silver Republicans.

The convention then proceeded to meminate the subreme judges. B. F. Houston of Tacoma for subreme judge was nominated on the third ballot.

THE WAGES OF SIN.

Tragedy Growing Out of Illicit Love

Denver, Sept. 2.-W. H. Lawrence of Seveland, O., was shot and probably Cieveland, C., was shot and probably mortally wounded in a room at the Caxford hotel this afternoon by a woman who is known here only as Florence Richardson. The woman then shot herself in the heart, dying almost instantly. Mr. Lawrence was then taken to St. Luke's hospital. The doctors in attendance give no hope of him recovering. The ball entered his back and passed clear through the body, coming out at the left nipple.

The couple had registered at the Oxford hotel, about half an hour before the tragedy occurred, as H. C. Rockwell and wife of Grenley, Colo. The motive for the shooting is not known. Mr. Lawrence rushed out of the room after he had been shot, and sunk to the floor in the hallway. "I don't know why she shot me," he said. Beyond that he declined to make any statement.

APPORTIONMENT. APPORTIONMENT.

The report of the committee on apportionment, which was in accordance with the call, was next presented.

When the report of the committee on apportionment was read, Hon. A. R. Barnes of this city arose to protest against the apportionment of delegates to district 28, which was given but one whereas he claimed two were necessary. Two or three motions were sprung concerning the matter, Hon. S. A. Kenner and Joseph M. Cohen wanting to reconsider the report so the district

could be given that number. But the chair held that the report had been adopted and therefore it would take a notion to reconsider. After some sparring concerning the question, O. W. Moyle, chairman of the committee, made a statement to the effect that his lived in the district and one delegate was all it was entitled to. That settled it, and a motion to reconsider was vite! down and the convention proceeded to do business.

The delegates were apportioned as will appear in the list selected, Prior to the selection the delegates from District 15 declared it was not going to pay the 50 cents per capita tax levied on it for the expenses of the convention. Several motions were sprung one being to the effect that the delegation should be ruled our of the convention, while Mr. Slean protested and moved that no delegation be shut our hecause of a rule of the committee, which the convention had the power to suspend at any time.

any time.

This last suggestion brought Chairman Lloyd to his feet with the statement that he had gonranteed the expenses of the building and he did not want to be left with the account on his hands.
